

One Stone

'We cannot choose between growth and sustainability—we must have both'

Paul Polman, CEO Unilever

One Stone Asia Pacific is a purpose-driven, women-owned sustainability advisory firm specialising in leadership, strategy, impact measurement and stakeholder engagement.

Our mission is to help clients become more effective sustainability leaders. Our aim is to help every business be a greater force for good and create measurable positive impact through every project we do.

With a proven track record and over 30 years' sustainable business expertise across private, government and not-for-profit sectors, our knowhow brings focus, value and credibility to every sustainability journey—with award-winning results.

We help you make sense of the climate, nature & equity agendas
